

SYSTEM INTEGRATOR PROGRAM FOR INDUSTRIAL AUTOMATION & CONTROLS

Avanceon Joins Emerson's Program for Industrial Automation and Controls System Integrators

Dubai, UAE - (November. 02, 2020) – Avanceon is proud to be recognized as a System Integrator for deploying solutions from Emerson's industrial automation and control portfolio in the UAE region. The Emerson designation validates Avanceon's automation and service expertise along with their ability to deliver custom end-to-end solutions that leverage the PACSystems™ portfolio of programmable logic controllers, motion, edge solutions and industrial displays.

"We are pleased to recognize Avanceon as a System Integrator," said David Kraft, vice president of global sales, Emerson's machine automation solutions business. "Our System Integrator program recognizes select system integrators who have deep technical expertise, passion for supporting their customers and are strongly dedicated to integrity and quality."

A member of the System Integrator program, Avanceon will collaborate with Emerson for regional market growth opportunities, advanced and dedicated training and increased technical and project support.
